— BEACH GATE BUNGALOWS —

A CGH EARTH PHOTOBOOK

Down time-worn lanes, under huge rain trees, just a stroll away from the beach of Fort Kochi, is where you come across Beach Gate Bungalows. Built in the 50s for the Sterling Companies in Kochin, this heritage property was restored and has been operational since 2015. These private independent twin bungalows are an archetype of the last of the British settlement, and still retain their old-world charm and elegance.

YOUR FAMILY RETREAT

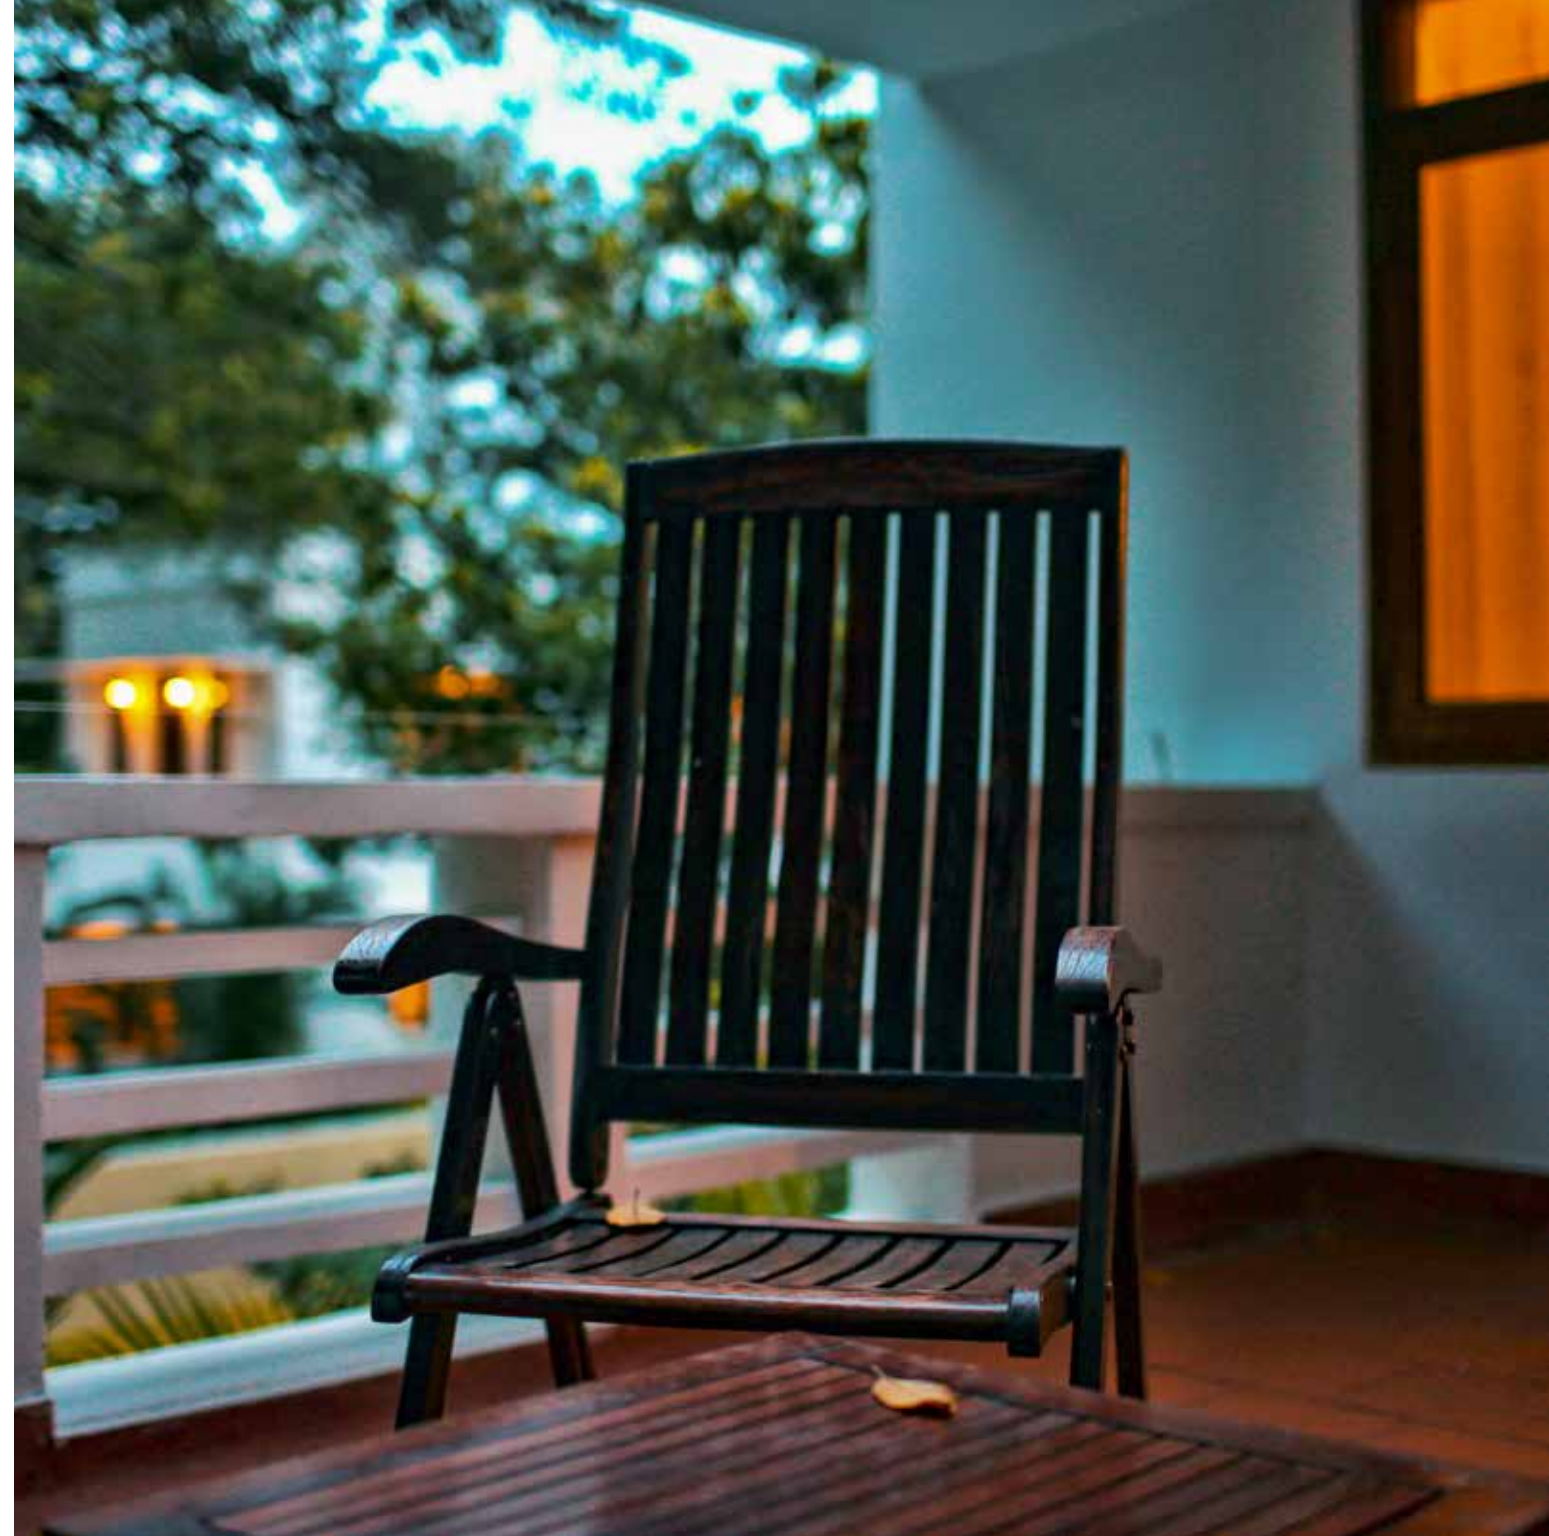

Beach Gate Bungalows offers two identical bungalows in Fort Kochi. The private pools are perfect for the whole family to splash around in. The bungalows also sit in the middle of lush and sprawling gardens with magnificent rain trees planted by the British. But best of all, you shall be able to experience Fort Kochi and its neighbourhoods just like a local. Our staff know this historic port like no other and will give you the best tips on what to see, do and eat!

YOUR PLACE IN KOCHI

Located in one of the quiet by-lanes of Fort Kochi, Beach Gate offers complete privacy for you and your family. It transports you to Kochi's rich colonial past, which is fused with a contemporary post-modern style in the architecture of this heritage building. Each of Beach Gate's twin bungalows have 3 bedrooms, a living room and a study. The verandah and terrace open out onto a lush garden, with a dining room and fully equipped kitchen overlooking a private pool.

YOUR MENU FOR FUN

Your experience has been made as homely as possible with caring touches, attentive staff and meals cooked to your taste and served at your convenience.

A chef is available on call. You can plan ahead and visit the local market with the chef to buy the catch of the day. They can also suggest the local traditional recipes to add magic to those meals. Lunch and dinner can be pre-ordered from our villa menu. Breakfast, including continental and South Indian, is on the house. You can stock the refrigerator with any essentials that you need, if you want to cook your own meals.

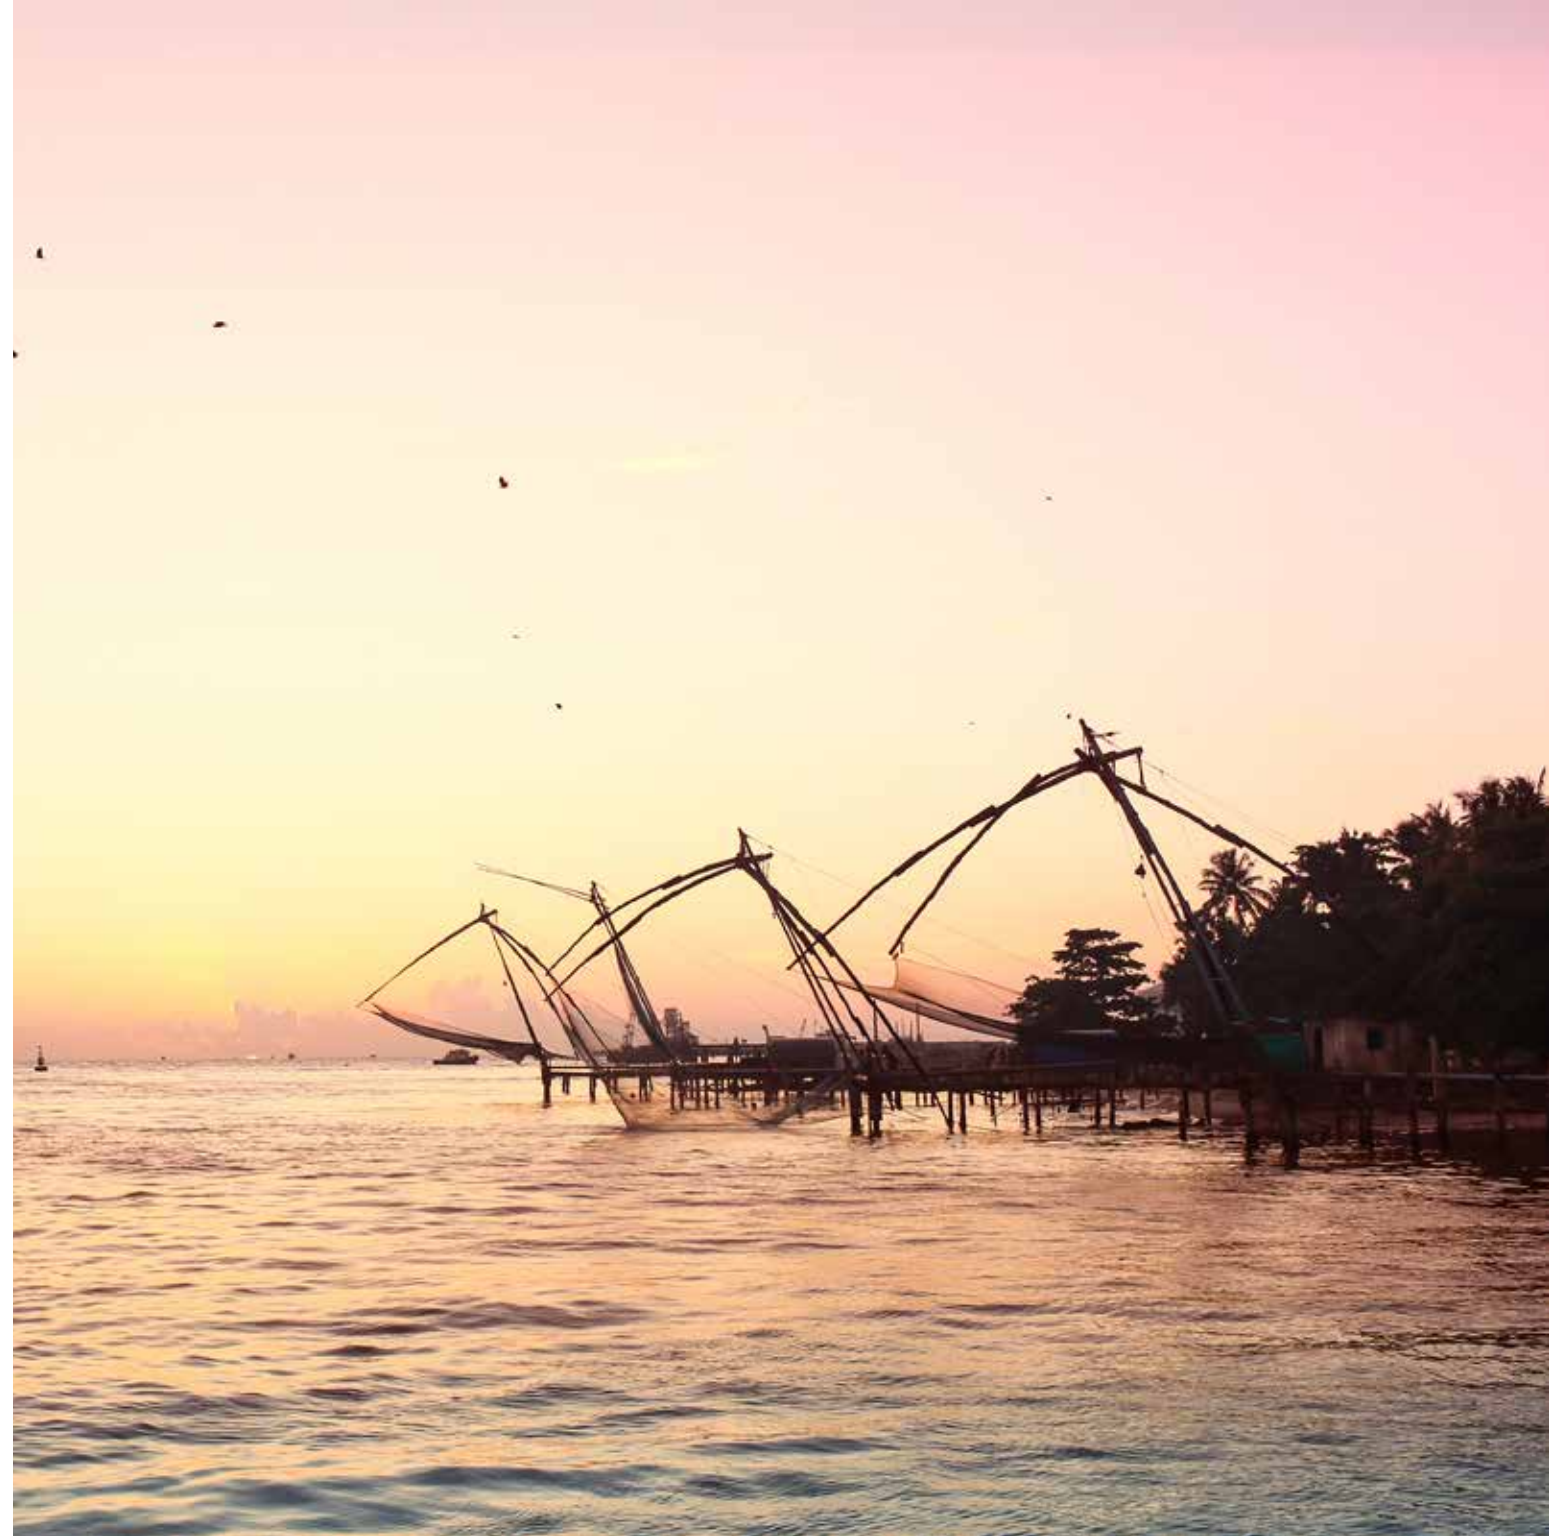

LANDMARKS OF TIME

Take a walk to the oldest European church in India, St Francis Church where Vasco da Gama was buried. Stroll down to Mattancherry Spice Market to catch a glimpse of a variety of spices. Stop by the sea to watch the Chinese Fishing Nets that were erected in 1350-1450 AD. Ride a tuk-tuk or a cycle to explore and discover Fort Kochi. Or just relax and spend the day by your private pool.

ART FOR ALL

The city's art scene is thriving at art galleries and cafés such as David Hall, where local and globally renowned artists express themselves through paintings, sculptures and installations. You can also explore other galleries, designer boutiques, shops, and art stores around Fort Kochi.
