Become part of the G-Tribe, a community connected  
by escapades that drive beyond the ordinary.

# Overview

Picture this. You're behind the wheel, and the air lifts you with every passing 'mile'. A river appears, shallow yet flowing fast. You cross and the water curls past, as the tyres find their way with you. G-Tribe Escapades by Mercedes-Benz unite legendary SUVs with those who move to the rhythm of open horizons. Beyond the drive lies wonder, moments of stillness, stories born in motion, and a shared passion for the extraordinary.

Come for the Drive. Stay for the Tribe.

## The Drive

Steep climbs. River crossings. Long, quiet highways. Easy.

You're not rushing. You're seeing the best version of yourself in what the SUV can do.

## The Cuisine

A breakfast with panoramic views of the mountains, where the silence is broken only by wind and birdsong.

Hearty local fare under the stars, where each course arrives as the night deepens.

## The Culture

A morning spent at a monastery, joining in silent prayers.

An afternoon in a village workshop, watching hands shape something simple and beautiful.

An evening that ends with traditional artistic performances.

## The Tribe

You arrive as motorists. You leave as storytellers.

A laugh shared over morning tea. A quiet nod after a long day's drive.

Come for the road. Stay for the people, places, and panoramas you will encounter along the way.

- + Travel north where rivers, dunes, and distant glaciers reshape the terrain
- + Visit remote frontier villages near the edge of the map
- + Drive to remote high-altitude lakes, where light and silence shape the experience as much as the road.
