The background of the slide is a vertical collage of four images representing different Asian countries. From top to bottom: 1. A traditional Chinese temple with ornate, multi-tiered roofs and red pillars. 2. A modern cityscape at night, featuring a large, illuminated, curved architectural structure and a body of water reflecting the lights. 3. A traditional Japanese temple with a prominent red torii gate and a white building with a dark roof, reflected in a body of water. 4. The Petronas Twin Towers in Kuala Lumpur, Malaysia, at night, with the city lights visible at their base.

**Also many other
countries to explore**
