CENTURION®

Hello

We are pleased to present you with your Centurion® Card, and value your continued Centurion® Membership.

Your personal Relationship Manager* is ready to help you activate your Card. To get in touch, call 1800 420 0233 or activate your Card online at **http://go.amex/cardactivation**

Your Centurion® Card

Activate your Card

- For security reasons, we have sent your Card inactive. This Card must be activated before first use.
  To activate your Card, log in to
  http://go.amex/cardactivation or call 1800 420 0233.

- To use your Card at all Chip-enabled Point-of-Sale (POS) terminals, you will be required to enter a 4-digit PIN to authenticate all transactions. You must select a PIN and ACTIVATE your Card before first use through any of the following methods:

  i) Download the American Express® App
  ii) Log in to **http://go.amex/cardactivation**
  iii) Call **1800 420 0233**

  For more information, please visit:
  https://www.americanexpress.co.in/chipandpin

Things to know about your Card

- We are delighted that your new Centurion® Card now comes with contactless payment functionality that is more important today than ever before.

  Simply tap to pay.

- **Protect your Card** from loss, theft or misuse. To avoid liability for unauthorised charges, let us know immediately if your Card is lost, stolen or misused by calling **1800 420 0233.**

- **Do not forward this Card** to another address either within or outside India. If you'd like the Card reissued to another address, please call us on **1800 420 0233.**

- Complete details regarding Annual Fee, Delinquency Fee and all other Terms and Conditions on your Supplementary Card have been provided in the welcome pack of the Basic Card Member and can be accessed on this link **americanexpress.com/in/cent_mitc**

  ***Offered by Aspire Lifestyles India Private Limited**

ENABLE INTERNATIONAL, ONLINE AND CONTACTLESS TRANSACTIONS IN A FEW SIMPLE STEPS:

Log in via American Express App or Online Card Account › Go to 'Account' or 'Account Management' › Go to 'Transaction Security Settings' to enable/disable transactions and set limits as per your requirements.
